Narrative	<P class=MsoNormal style="MARGIN: 0in 0in 10pt">C: David Miller questions if this is as old as we estimate. Has not been displayed in about 35 years. No work or research has been done on this piece. Fabric and drapery is better executed than the figures' faces. Needs major conservation treatment and research to look its best. Outer faces of wings are more abraded from previous treatments and/or handling. Frame may be original but the painted decorations are questionable.</P>
